19. One Amazing Benefit that 89% Of Veterans Haven't Redeemed

If you're a Veteran or currently on active duty, you may want to make a quick spot check to ensure you're receiving the full value of the VA benefits to which you're entitled. Among the most valuable of these are mortgage benefits which if you qualify may have a staggering average lifetime value of \$42k.

A typical homeowner with less than 20% equity would be required to pay for PMI (private mortgage insurance), but there's one exclusion: veterans. Through the VA's refinance program, no PMI is required. That factor alone could put hundreds of dollars back in your pocket each month. What's even more impressive is that when you purchase a home you don't need to have a down payment if you qualify.

Did you know you are eligible for a VA Loan if you are:

- [Service Member](#)
- [Veteran](#)
- [Spouse](#)

This VA program could help you pay off your mortgage. There is no limit on the number of times you can use a VA loan! You can purchase your dream home with \$0 down or refinance your current mortgage.

If you took out a 30-year-mortgage you are paying tens of thousands of dollars in unnecessary interest over the course of your loan. However, this VA homeowner program is designed to help homeowners like you with a better mortgage with lower interests and many other options. [Click here](#) to see if you qualify!
